

The diagram, titled "DOMAIN MODEL", illustrates a complex network of entities and their relationships. The entities are represented as boxes, and the relationships are shown as lines connecting them. The diagram is organized into several horizontal layers, with entities represented as boxes and relationships as lines. The title "DOMAIN MODEL" is at the top center.

The entities are organized into several layers, with the top layer containing the most complex entities and the bottom layer containing the most basic entities. The relationships between entities are represented by lines, with some lines being solid and others being dashed. The diagram is a dense web of connections, with many entities having multiple relationships.

The entities are represented as boxes, and the relationships are shown as lines connecting them. The diagram is organized into several horizontal layers, with entities represented as boxes and relationships as lines. The title "DOMAIN MODEL" is at the top center.
